SUMMER CAMPS 2010
BOYS AND GIRLS AGES 4-14

“Soccer Fun in the Sun” is the theme for our 2010 Summer Camps. Our qualified instructors, professional and college players, are eager to share their knowledge of the game with a new generation of soccer players. Camps are designed for boys & girls of all skill levels. In these fun but challenging camps, players learn how to develop individual techniques (dribbling, passing, shooting, ball control) and team strategy. They play a World Cup Tournament the last day of camp. Participants will receive a soccer ball. Bring plenty of water, sunscreen, a snack, and shinguards. In bad weather, the decision to go Indoors or Cancel is made at the fields. Please go to our website www.detroitrockers.net for further camp info.
